All Special Event Permit Applications must be submitted to the New Jersey Department of Environmental Protection (DEP) through Waterloo Village Historic Site (WVHS) PO Box 1100, Andover, NJ 07821. Applications must be submitted in a timely manner to allow sufficient time for planning and permitting purposes. The DEP is the only agency that may approve events in WVHS. Please keep in mind that the larger and more complex an event is, the more time required for the planning and permitting process (e.g. a concert involving attendees of 5,000 should begin at least nine months prior to the proposed date). However, all information, fees, insurance and execution of the permit must be completed at least 30 days in advance of the event date. Failure to have the permit completed 30 days in advance of the proposed event date may result in your Special Event Application being denied.

1) DETERMINING EVENT LOCATION

Thank you for your interest in having an event at Waterloo Village Historic Site (WVHS). WVHS is a unique historic attraction located in Byram Township. Waterloo was once home to early iron making pioneers followed by entrepreneurs of the industrial age. The world famous Morris Canal made Waterloo a bustling inland port town. The blacksmith, gristmill, store, tavern, and church line the Victorian Era streetscape full of elegant houses with diverse architectural styles. The stories of Waterloo are told in authentic historic buildings, in a setting virtually unchanged for hundreds of years. As a popular attraction for visitors, the site has expanded over the years and includes a recreated Lenape American Indian village, an original Log Cabin from the early 1800s, modern banquet facilities and a large concert field venue.

In order for us to keep this site conserved for future generations it is important that we determine the type of use that each of our locations can handle. We have the following areas available for events and programs:

Waterloo Concert Field- This location is well suited for large events (500 vehicles - to several thousand vehicles). This site has electric, water, fencing, lighting and ample parking.

Jeffrey A. Miller Catering, aka JAM at Waterloo, hosts weddings, company retreats, banquets and other catered events at the historic site. Boasting two spectacular indoor event spaces—the newly-renovated meeting house and the rustic pavilion—in addition to its spacious outdoor compound, JAM has the resources and ambiance to make your special occasion a memorable success.

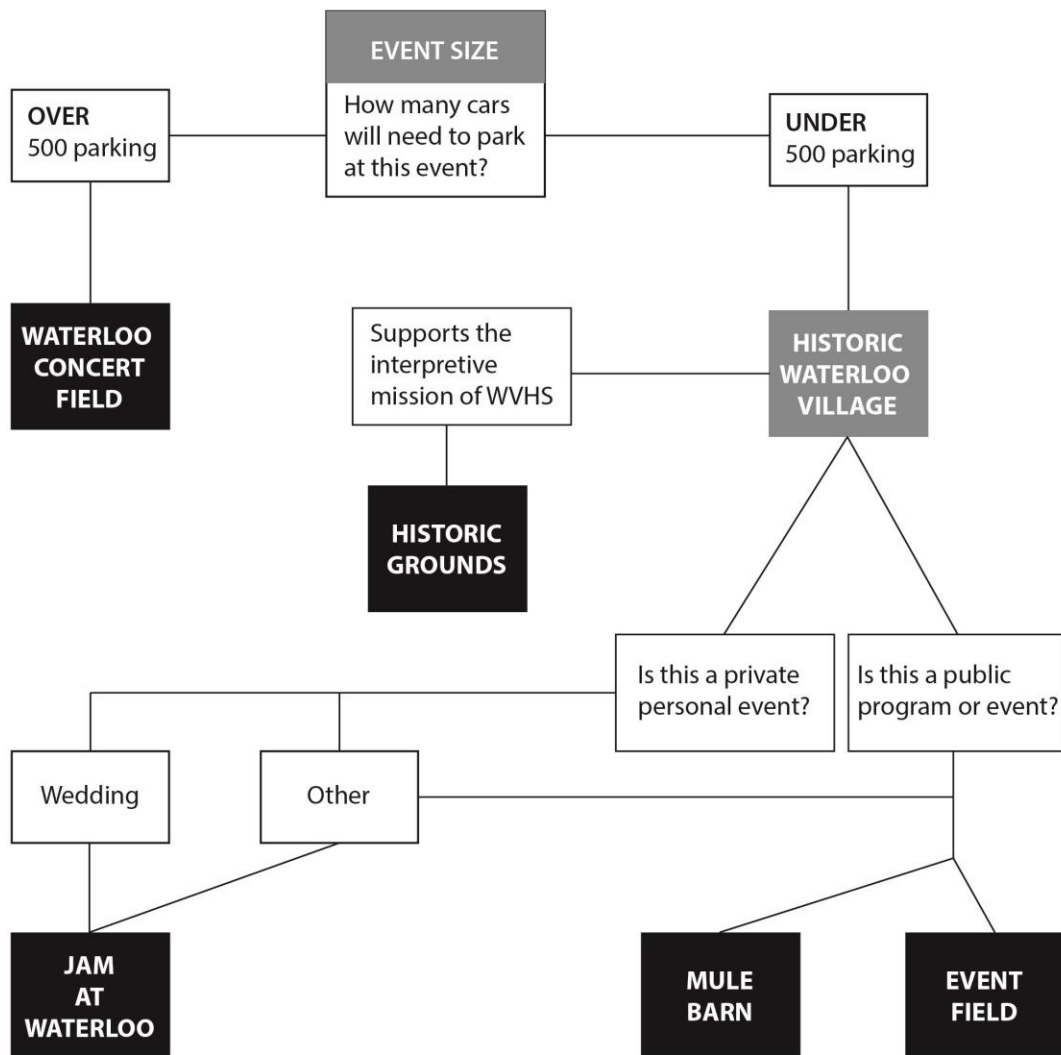

Historic Waterloo Village Event Field- This flat, grass field, located at the main entrance to the historic canal town of Waterloo is a great location for smaller event and educational programs. (Parking is limited and this location supports events with less than 500 vehicles).

Mule Barn- This large barn is available to rent for indoor events. The two story barn building does not have restrooms or running water. The public restrooms and a water fountain are located a short walk away. There is no parking available at the Mule Barn as it is located inside the historic canal town of Waterloo. Limited vehicle access will be granted for set up and clean up purposes only.

Historic Waterloo Village Grounds- Being the most sensitive area in WVHS the use of this area is limited. However, exceptions can be made if your event or program is in alignment with the interpretation of Waterloo Village. For more information please contact us.

To further aid in determining the best location for your event, please refer below to the Special Events at WVHS Flowchart.

SPECIAL EVENTS AT WVHS FLOWCHART

2) PERMIT PROCESS

- a. The first step in the permit process is to complete the WVHS Special Event Application (Appendix A). In order to ensure adequate time for permit processing, the application and appropriate application fee should be submitted to WVHS at least 90 days prior to the event. Incomplete applications will not be accepted. If the event is large, complex or a concert type event, at least one-year notice is recommended. Applications can be accepted 16 months prior to event.
- b. Upon review of the Special Event Application (Appendix E), WVHS personnel will require a detailed Operations Plan to be completed. The Operations Plan needs to be completed 60 days prior to the date of special event (larger events will require more time).
- c. As the applicant is completing the Operations Plan, the applicant may schedule on-site visit(s) with designated WVHS personnel to conduct a walk-through of the site and answer questions.
- d. Once the applicant has completed the Operations Plan, it must be submitted to the designated WVHS personnel, who will then schedule a meeting to review required revisions.
- e. After revisions are submitted and final plans are approved, WVHS will generate a Special Use Permit (SUP) and estimate of fees for services. The estimate of fees will be described in two sections, "Facility Fees" and "Labor Fees". Facilities Fees are to be paid to WVHS prior to the event; Labor Fees will be invoiced after the event.
- f. Once the final permit is signed and Facility Fees are paid, the applicant is authorized to have the event at WVHS. Advertising for event must not occur prior to the permit being signed. If early advertising is needed you will need to begin the permit process further in advance.
- g. No changes to the permit will be allowed unless submitted in writing and approved by the Park Superintendent. Submittals for change must be received at a minimum of 14 days prior to event.
- h. Failure to comply with any of the above requirements may result in the Special Event Application being denied.
- i. Failure to respond to a request from WVHS within 7 business days may result in cancellation of the application

3) EVENT AVAILABILITY

- a. In order to ensure that events do not overlap only 1 Special Use Permit will be granted at any given time at Waterloo Village Historic Site.
- b. If there is an event at the Concert Field, park management will determine if a Special use Permit will be granted at Waterloo Village Historic Site. In cases of large or complex events, two Special Use Permits will not be granted.

4) FEES

All fees must be paid by credit card or check made payable to the "Treasurer, State of New Jersey". Fees are subject to change without prior notice. The New Jersey Department of Environmental Protection will allow public assemblies, meetings, demonstrations, religious activities and other public expressions of views conducted under the First Amendment of the U.S. Constitution in parks, in accordance with State Park Service regulations provided that a permit has been obtained from the Park Superintendent.

To ensure public safety, protect Park resources and avoid assigning the same time and location to two or more activities, the State Park Service may manage these activities by regulating the time, location, number of participants, use of facilities and number and types of equipment used, but not the content or message.

Locations within the Park that are available for public assemblies and other First Amendment activities, including the distribution of printed matter, will be designated on a map by the Park Police Sergeant. When the State Park Service allows one group to use an area or facility for expressing views, it must allow all other groups a similar opportunity, if requested.

No group wishing to assemble lawfully may be discriminated against or denied the right of assembly, provided that all applicable permit criteria and requirements are met. Whenever religious activities are conducted in parks, any State Park Service actions pertaining to them must reflect a clearly secular purpose, must have a primary effect that neither advances nor inhibits religion and must avoid excessive governmental entanglement with religion.

New Jersey State Park Service Staff on duty at an area in which a First Amendment activity is being conducted will be neutral toward the activity but will remain responsible for the protection of participants, spectators, private property, public property and park resources. On duty staff may not participate in the First Amendment activity. State Park employees exercising their First Amendment rights when off duty will not imply any Official State Park Service endorsement of the activity.
